Training sessions for Pipe Maker and Point Cloud Viewer will be done per request.

Please request a quotation for a specific training session as above. These are all in group sessions with other users, at a venue in Centurion (Pretoria).

Provide your security key and/or company account number when making an enquiry.

We will do a quotation and it must be accepted with a payment or official purchase order.
Once it is invoiced your place is confirmed for the training session.

Please note:

1. Model Maker Systems retain the right to cancel a scheduled course if less than 4 people are registered for it.
2. All bookings must be confirmed with an official order or full payment 2 weeks before the course date.
3. All prices quoted are VAT inclusive.

One-to-one training can be done at any other time by arrangement in Centurion or at the user's premises. Cost is R 5 500.00 per day (maximum 4 persons) plus travel and accommodation expenses if held at a user's office. Each trainee must have his/her own computer to use.

For a quotation, please contact us with reference to a specific course you require:
